FIFG FOOTGOLF WORLD CUP
FROM 9TH TO 16TH DECEMBER
MARRAKESH 2018

WELCOME

Roberto BALESTRINI
FIGF President

No one invented FootGolf! The concept of the game has always been in the mind of anyone who ever kicked a soccer ball while aiming to something. It has been played for ages under different rules and different names, with it's first official record in the 1920's. The members of the Federation for International FootGolf adopted the style played in the Netherlands since the beginning of this millennium and together have taken the necessary steps to structure and develop FootGolf as an organized sport.

Our third World Cup, is organized by the French FootGolf Federation, in the home of the Moroccan FootGolf Association, with the participation of players from 36 countries from five continents. This is a clear example of the progress the FIGF has made promoting the global evolution of FootGolf.

Our members are coming to the amazing city of Marrakesh with tremendous joy and anticipation. This third World Cup will be the biggest event in the history of «The Best Game Ever Invented» !

Romuald PRETOT
AFFG President
World Cup Organizer

The 3rd edition of the FIFG FootGolf World Cup is for the French FootGolf Association 5 years working in France and 3 years working in Morocco culmination, since the first 2016 French FootGolf Cup Final, in Marrakesh. The choice of Morocco for this international organization is the best way to highlight the golf facilities and the high standing Moroccan receptive tourism, to be able to organize the best FootGolf tournament that has been never organized.

This enormous project supported with my friends of the Moroccan FootGolf Association, must be for FootGolf a ramp for its development. For international, France and Morocco, the media coverage of this World Cup will have to accelerate a new stage and write the history of our young sport.

Scoring Format

18 Hole FootGolf Matchplay using win a hole, score a goal format

Team Event Rules

The Team event will be played within the guidelines set out by FIFG Rules 2018 and those tournament rules as detailed below

Caddies

Caddies are permitted and will be liable to sanctions in accordance with those rules that apply to players. Caddies must be paired with an individual player. Caddies will be permitted to mark the ball as a forecaddie.

The captain must identify which caddie belongs to which player. Players competing in the individual event can only be named as caddies in the team event.

All caddies must wear caddy bibs at all times.

Disputes

In the event of a dispute then the match referee will make a decision in accordance with the rules. In the event that either team disputes this then the tournament director will make a final decision before the next hole is played. Note Only the FIFG representative or Team Captain can consult with match officials.

Formats

Fourball Betterball – Played in pairs each player kicks their own ball and the lowest individual score per pair is recorded.

FootGolf Foursomes – A variation of Golf style foursomes, this is played in pairs using one ball where any player can kick off then the hole played with alternate shots until finished. Any player can then kick off the next tee.

Singles – head to head matches played as individuals

Order of Play

As per FIFG Rules, the order of play from the tee is determined by previous hole. Order of play from the fairway is determined by the furthest ball from the hole. Note: A team can alter their order should they wish. Any player is permitted to 'finish' when on the green zone.

Pace of Play

Play will be dictated by the pace of play guide and player timings. Teams have two minutes after the completion of the previous hole to name a replacement for the next hole.

The first player to play from any zone on the course has 60 seconds to complete their shot. The subsequent players have 40 seconds once the previous shot is dead.

A pace of play guide will be issued to all Team Captains

Poor Weather including bad light

In the event of poor weather a match may be suspended. If no further play is possible then matches will continue onto Friday 14 December. Suspension of play will be decided by the TD.

In the event that poor weather delays the semi final or final then the number of holes may be reduced to complete the match

Player communication

Players are permitted to communicate with all registered players, officials and registered caddies.

Qualifying

Nations will be seeded 1-16 based on their top four scores after R2 of the individual men's event.

The knockout stages will follow a pre-determined match tree

Registration

It is the role of the Team representative to name all 10 players in order with relevant substitutes and caddies. Caddies must wear bibs for identification. Deadlines for each round are noted within the schedule. Failure to adhere to this deadline will result in each match losing Hole 1.

Scoring and Ties

An official team scorecard will be issued to each Captain/Representative. It is the role of this person to correctly complete the card for the match.

The matches will be played using 'win a hole, score a goal' scoring whereby all 18 holes are required to be played to allow a 'goal difference' calculation to be used in the event of a tie.

In the event of a tie after goal difference then penalty putts will decide the tie. The location will be chosen by the match referee and will be a minimum of 10m. Each nation must choose five different players. If after 5 putts per team there is still a tie then a country can choose any player to kick next.

Starting

Each team must be present on the starting hole 10 minutes before the first kick of the match. Any player not present will forfeit Hole 1 (Example Match start 08:00 then all competing players and captain must be present with match referee at 07:50)

Substitutions

A maximum of three substitutes can be named by each team captain. These three will be allocated to one pairs match each and cannot change once submitted.

A team has two minutes from the time the putt drops into the previous hole to notify the match referee of their intention. A substitute must then play the next hole. As soon as the team who has the honour has kicked off then no substitute can be made.

Injury

In the event of an injury during a singles match, the match will be forfeited and the remaining holes awarded to the opposing team. If a player during a pairs match is injured then the substitute becomes the player. If there are no substitutes then the match will be forfeited and the remaining holes awarded to the opposing team.

Teams

A team will consist of a minimum 4 and maximum 13 players.

Four players will play singles.

A minimum of one player and a maximum of three will play a fourball match.

A minimum of two players and a maximum of three will play foursomes.

A team can consist of Men (any age) or women which is the choice of the captain.

Players travelling to Marrakech as solely part of the team are not eligible to compete in their respective individual category.

The Courses

The round of 16 and The Quarter Finals will be played on AL Maaden 2

The Semi Finals and Final will be played on Al Maaden 1

The Final will be played on Al Maaden 1

Each course will only have one set of tees.

«A Scottish touch in the heart of *Marrakesh* !»

Between the majestic Koutoubia and the Atlas Mountains, a few drives away from the effervescent Jemaa El Fna square, the legendary Colin Montgomerie has laid down fairways in the very heart of the red city. Undulating greens, well-placed water hazards and numerous bunkers make this a challenge for every level of golfer.
